| Conference | 2025 IEEE 15th International Conference on System Engineering & Technology (ICSET 2025) <i>October 4, 2025 to October 4, 2025</i> |
| Paper Reviewed | Research Trends in Intelligent Systems-Driven Adaptive Learning Through Science Mapping |
| Review Completed | August 9, 2025 |

Review Assessment

| Overall Score: | 7.3/10 | Recommendation: | Weak Accept |
|--------------------------|--------|----------------------------|-------------|
| Relevance & Originality: | 8.0/10 | Technical Quality & Rigor: | 7.0/10 |
| Clarity & Organization: | 7.0/10 | Literature Review: | 7.5/10 |
| Impact & Practicality: | 7.0/10 | Reviewer Familiarity: | 7.0/10 |

Review Highlights

The discussion focuses more on mapping and describing the field than on deep technical critique of adaptive learning algorithms themselves.

Your expertise and dedication are invaluable to our academic community, and we look forward to your continued support in future events.

Sincerely,

Ramli Adnan
